Fashion Rose Rosa 'Fashion'

Height: 4 feet Spread: 3 feet Sunlight: O

Hardiness Zone: 5a

Group/Class: Shrub Rose

Description:

This elegant variety presents beautiful coral blooms with brushes of salmon pink; a light airy fragrance; tends to develop rust, so watch for it; all roses need full sun and well-drained soil

Ornamental Features

Fashion Rose features showy lightly-scented coral-pink flowers with salmon overtones at the ends of the branches from mid spring to late summer, which emerge from distinctive peach flower buds. The flowers are excellent for cutting. It has dark green deciduous foliage. The glossy oval compound leaves do not develop any appreciable fall colour.

Landscape Attributes

Fashion Rose is a multi-stemmed deciduous shrub with an upright spreading habit of growth. Its average texture blends into the landscape, but can be balanced by one or two finer or coarser trees or shrubs for an effective composition.

This shrub will require occasional maintenance and upkeep, and is best pruned in late winter once the threat of extreme cold has passed. Gardeners should be aware of the following characteristic(s) that may warrant special consideration;

- Disease
- Spiny

Fashion Rose is recommended for the following landscape applications;

- Mass Planting
- Hedges/Screening
- General Garden Use

Planting & Growing

Fashion Rose will grow to be about 4 feet tall at maturity, with a spread of 3 feet. It tends to fill out right to the ground and therefore doesn't necessarily require facer plants in front. It grows at a medium rate, and under ideal conditions can be expected to live for approximately 20 years.

This shrub should only be grown in full sunlight. It does best in average to evenly moist conditions, but will not tolerate standing water. It is not particular as to soil type or pH. It is somewhat tolerant of urban pollution. This particular variety is an interspecific hybrid.

This plant is not reliably hardy in our region, and certain restrictions may apply; contact the store for more information.
