# Mambo GP Sweet Pink Petunia Petunia 'Mambo GP Sweet Pink'

Height: 8 inches
Spread: 12 inches
Spacing: 10 inches

Sunlight: O

Hardiness Zone: (annual)
Group/Class: Mambo Series

### **Ornamental Features**

Mambo GP Sweet Pink Petunia is covered in stunning pink trumpet-shaped flowers at the ends of the stems from mid spring to mid fall. Its pointy leaves remain green in colour throughout the season.

### **Landscape Attributes**

Mambo GP Sweet Pink Petunia is a dense herbaceous annual with a mounded form. Its medium texture blends into the garden, but can always be balanced by a couple of finer or coarser plants for an effective composition.

Mambo GP Sweet Pink Petunia is recommended for the following landscape applications;

- Mass Planting
- Border Edging
- General Garden Use

significant negative characteristics.

- Container Planting
- Hanging Baskets

### **Planting & Growing**

Mambo GP Sweet Pink Petunia will grow to be about 8 inches tall at maturity, with a spread of 12 inches. When grown in masses or used as a bedding plant, individual plants should be spaced approximately 10 inches apart. Its foliage tends to remain low and dense right to the ground. This fast-growing annual will normally live for one full growing season, needing replacement the following year.

## Mambo GP Sweet Pink Petunia

4102 - 11th St. West P.O. Box 2A RR3 Saskatoon, SK, S7K 3J6 phone: 306-382-2077 info@lakeshoregardencentre.com www.lakeshoregardencentre.com

This plant should only be grown in full sunlight. It does best in average to evenly moist conditions, but will not tolerate standing water. It is not particular as to soil type or pH. It is highly tolerant of urban pollution and will even thrive in inner city environments. This particular variety is an interspecific hybrid. It can be propagated by cuttings; however, as a cultivated variety, be aware that it may be subject to certain restrictions or prohibitions on propagation.

Mambo GP Sweet Pink Petunia is a fine choice for the garden, but it is also a good selection for planting in outdoor containers and hanging baskets. It is often used as a 'filler' in the 'spiller-thriller-filler' container combination, providing a mass of flowers against which the thriller plants stand out. Note that when growing plants in outdoor containers and baskets, they may require more frequent waterings than they would in the yard or garden.
