Height: 4 feet

Spread: 4 feet

Sunlight: ○

Hardiness Zone: 3a

Group/Class: Shrub Rose

Description:

A reliable and extremely hardy shrub rose producing big, old-fashioned bright pink blooms that arrive in showy clusters; a vigorous grower with dense deep green foliage right to the ground; all roses need full sun and well-drained soil

Ornamental Features

Party Hardy Rose features showy clusters of lightly-scented fully double rose flowers with gold eyes and a shell pink reverse at the ends of the branches from late spring to mid fall. The flowers are excellent for cutting. It has dark green deciduous foliage. The glossy oval compound leaves do not develop any appreciable fall colour.

Landscape Attributes

Party Hardy Rose is a multi-stemmed deciduous shrub with an upright spreading habit of growth. Its average texture blends into the landscape, but can be balanced by one or two finer or coarser trees or shrubs for an effective composition.

This is a high maintenance shrub that will require regular care and upkeep, and is best pruned in late winter once the threat of extreme cold has passed. It is a good choice for attracting bees and butterflies to your yard. Gardeners should be aware of the following characteristic(s) that may warrant special consideration;

- Disease
- Spiny

Party Hardy Rose is recommended for the following landscape applications;

- Mass Planting
- Hedges/Screening
- General Garden Use

Party Hardy Rose

Planting & Growing

Party Hardy Rose will grow to be about 4 feet tall at maturity, with a spread of 4 feet. It tends to fill out right to the ground and therefore doesn't necessarily require facer plants in front. It grows at a fast rate, and under ideal conditions can be expected to live for approximately 20 years.

This shrub should only be grown in full sunlight. It does best in average to evenly moist conditions, but will not tolerate standing water. It is not particular as to soil type or pH. It is somewhat tolerant of urban pollution. This particular variety is an interspecific hybrid.
