Height: 3 feet

Spread: 3 feet

Sunlight:

Hardiness Zone: 4a

Group/Class: Northern Accents Rose

Description:

This cold climate rose provides a constant show of full glorious violet blooms throughout late spring and summer; also very disease resistant and maintenance free; may die back to ground some winters but recovers nicely

Ornamental Features

Northern Accents Sven Rose is covered in stunning lightly-scented double violet flowers with pink overtones at the ends of the branches from late spring to late summer. The flowers are excellent for cutting. It has dark green deciduous foliage. The glossy oval compound leaves do not develop any appreciable fall colour. The fruits are showy red hips displayed from early to late fall.

Landscape Attributes

Northern Accents Sven Rose is a multi-stemmed deciduous shrub with an upright spreading habit of growth. Its average texture blends into the landscape, but can be balanced by one or two finer or coarser trees or shrubs for an effective composition.

This shrub will require occasional maintenance and upkeep, and is best pruned in late winter once the threat of extreme cold has passed. Gardeners should be aware of the following characteristic(s) that may warrant special consideration;

- Spiny

Northern Accents Sven Rose is recommended for the following landscape applications;

- Mass Planting
- Hedges/Screening
- General Garden Use

Northern Accents Sven Rose

Planting & Growing

Northern Accents Sven Rose will grow to be about 3 feet tall at maturity, with a spread of 3 feet. It tends to fill out right to the ground and therefore doesn't necessarily require facer plants in front. It grows at a fast rate, and under ideal conditions can be expected to live for approximately 20 years.

This shrub should only be grown in full sunlight. It does best in average to evenly moist conditions, but will not tolerate standing water. It is not particular as to soil type or pH. It is somewhat tolerant of urban pollution. This particular variety is an interspecific hybrid.

This plant is not reliably hardy in our region, and certain restrictions may apply; contact the store for more information.
