### Orange Sensation Rose

*Rosa 'Orange Sensation'*

Height: 3 feet

Spread: 3 feet

Sunlight: ☉

Hardiness Zone: 4b

Group/Class: Floribunda Rose

#### Description:

A stunning variety producing sprays of semi-double orange-scarlet blooms with white centers; dense dark green foliage provides the perfect contrast to make this shrub truly stand out

#### Ornamental Features

Orange Sensation Rose features showy fragrant orange flowers with white eyes and scarlet edges at the ends of the branches from late spring to early fall. The flowers are excellent for cutting. It has dark green deciduous foliage. The oval compound leaves do not develop any appreciable fall color.

#### Landscape Attributes

Orange Sensation Rose is a multi-stemmed deciduous shrub with an upright spreading habit of growth. Its average texture blends into the landscape, but can be balanced by one or two finer or coarser trees or shrubs for an effective composition.

This shrub will require occasional maintenance and upkeep, and is best pruned in late winter once the threat of extreme cold has passed. It is a good choice for attracting bees to your yard. It has no significant negative characteristics.

Orange Sensation Rose is recommended for the following landscape applications;

- Mass Planting
- Hedges/Screening
- General Garden Use

#### Planting & Growing

Orange Sensation Rose will grow to be about 3 feet tall at maturity, with a spread of 3 feet. It tends to fill out right to the ground and therefore doesn't necessarily require facer plants in front. It grows at a fast rate, and under ideal conditions can be expected to live for approximately 30 years.

---

This shrub should only be grown in full sunlight. It does best in average to evenly moist conditions, but will not tolerate standing water. It is not particular as to soil type or pH. It is highly tolerant of urban pollution and will even thrive in inner city environments. This particular variety is an interspecific hybrid.
