

**Golden Glow Bougainvillea**  
*Bougainvillea 'Golden Glow'*

Height: 10 feet

Spread: 3 feet

Sunlight:

Hardiness Zone: 9a

**Description:**

A vigorous evergreen vine presenting long lasting, beautiful yellow to gold blooms from early summer to late fall; excellent for training on a trellis or arbor; adaptable as a houseplant; best color in full sun

**Features & Attributes**

Golden Glow Bougainvillea is clothed in stunning gold round flowers with yellow overtones held atop the branches from early summer to late fall. Its glossy pointy leaves remain dark green in color throughout the year.

This is a multi-stemmed evergreen houseplant with a spreading, ground-hugging habit of growth. This plant can be pruned at any time to keep it looking its best.

**Planting & Growing**

When grown indoors, Golden Glow Bougainvillea can be expected to grow to be about 10 feet tall at maturity, with a spread of 3 feet. It grows at a fast rate, and under ideal conditions can be expected to live for approximately 20 years. This houseplant requires direct sun for optimal performance, and should therefore be situated in a room that gets bright sunlight for a good part of the day; it is not a good choice for rooms lit only by artificial light. It prefers dry to average moisture levels with very well-drained soil, and may die if left in standing water for any length of time. This plant should be watered when the surface of the soil gets dry, and will need watering approximately once each week. Be aware that your particular watering schedule may vary depending on its location in the room, the pot size, plant size and other conditions; if in doubt, ask one of our experts in the store for advice. It is not particular as to soil type or pH; an average potting soil should work just fine.

There are many factors that will affect the ultimate height, spread and overall performance of a plant when grown indoors; among them, the size of the pot it's growing in, the amount of light it receives, watering frequency, the pruning regimen and repotting schedule. Use the information described here as a guideline only; individual performance can and will vary. Please contact the store to speak with one of our experts if you are interested in further details concerning recommendations on pot size, watering, pruning, repotting, etc.
